BRAIN STORMING

SUBJECT:- "Practical use 21st century skills to make classroom effective"

DATE:- 17/07/2021 (Saturday)

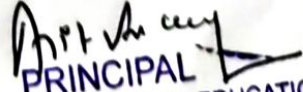

"Practical use 21st century skills to make classroom effective" was held where students discussed what are the 21st century skills and their application in the classroom teaching learning process. Exchange of ideas on different methods of applying the 21st century skills in the classroom practice took place.

This occasion principal Dr. Ravindra kumar said that- 21st-century skills help students build character and cultivate compassion and empathy, which are crucial as social collaborative beings. These skills also ensure that as children grow up, they are ethical and have integrity so that they can collaborate and function well with others and thereby create a better future.

Mr. Ajit kr. Singh said that- The 21st-century skills classroom focuses on asking questions to encourage critical thinking, inquiry, and reasoning. In all courses, students evaluate, synthesize, and translate ideas to solve problems and complete projects. Teachers also encourage students to hone their reasoning and inquiry skills.

Mr. Pavan Kr. Suman said that- Unlike the traditional teaching style, 21st Century education should focus on a student-centred classroom. This kind of teaching and learning instruction allows students to engage with the environment instead of just sitting and listening. Moreover, it debunks the idea that the teacher is the foundation of learning.

The B.Ed trainees seemed curious about this brain storming and put forward all the problems that arose, which were solved.

INNOVATION LESSON

DATE:- 14/06/2023 (WEDNESDAY)

TO

DATE:- 20/06/2023 (TUESDAY)

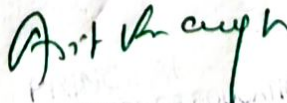

REPORT

Innovation Lesson was held at KN Bakshi College of Education, Bengabad from date:-14/06/2023 (Wednesday) to date:-20/06/2023 (Tuesday) under IQAC (Internal Quality Assurance Cell), in which Held on B.Ed. Session:-2022-24. Principal Dr. Ajit Kumar Singh, Vice Principal Mr. Binod Kumar Suman, Mr. Pawan Kumar Suman, Dr. Rajesh Ravidas, Mr. Prakash Bardhan, Dr. Santosh Kumar Yadav, Mrs. Reena Sao, Mrs. Sushma Agarwal, Mrs. Nutan Sharma, Mr. Shankar Singh, Mr. Nilesh Lakda etc. were present.

The main objective of today's program is to enhance new knowledge and teach the trainees with new technology. Instead, innovative teaching is the process of proactively introducing new teaching strategies and methods into the classroom. The purpose of introducing these new teaching strategies and methods is to improve academic outcomes and address real problems to promote equitable learning.

On this occasion, Principal of the college Dr. Ajit Kumar Singh said that-This type of program is very necessary for B.Ed students and Innovation Lesson develops the mental and intellectual abilities of the students. Innovative teaching is where good teachers are inventive and creative-where they continue to discover and devise new methods and content to ensure that students always get the best learning experiences.

In this program, different teachers kept different topics among the students on different days, which are as follows:-

BRAIN STORMING

TOPIC

Education is a powerful medium in freedom from social evils

Date:- 25/08/2023

Today date:- 25/08/2023 (Friday), a special class was organized under IQAC under Brain Storming on the topic Education is a powerful medium in freedom from social evils. Its purpose is to mean renewal of the word innovation, that is, we can address the adoption of new methods, new things, new inventions or in other words modernization only with innovative education. If we understand the curriculum in innovative education, then bringing new ideas within it, this is the curriculum in innovative education. That is, the main objective of the curriculum in education innovation is to make the curriculum very simple and useful. So that children can achieve a good lifestyle through this course.

On this occasion, Principal of the institute, Dr. Ajit Kumar Singh said on today's topic that the wave of awareness in the society should start from the youth. Debate and speech competitions should be organized in high schools and colleges to remove social evils. They should be made to resolve to get education, not to take dowry, not to give dowry, to stop child marriage around them.

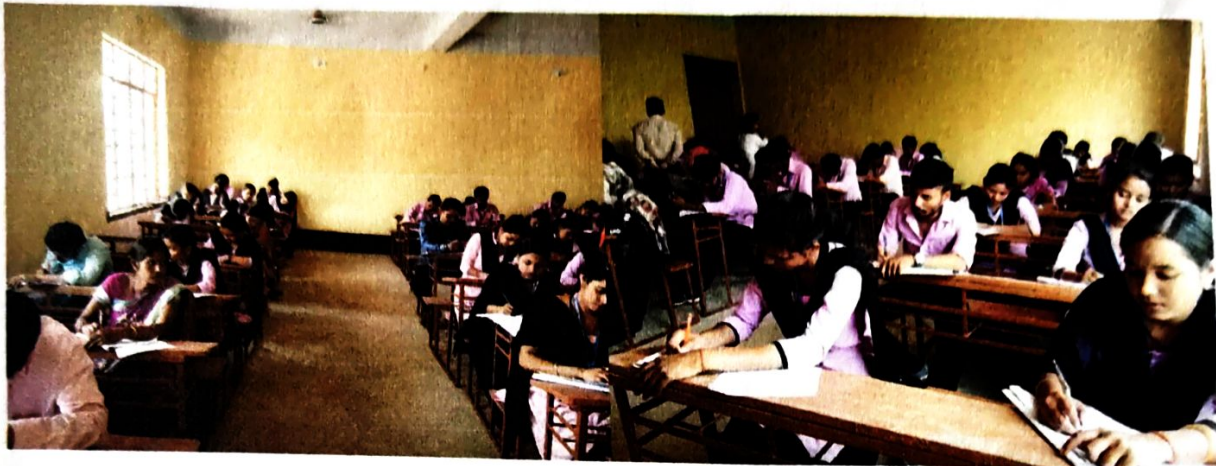

Mr. Binod Kumar Suman said that education can help in eradicating social evils by promoting better understanding of problems and providing means to deal with them. Education also encourages critical thinking and questioning, which can lead to a more informed and tolerant society.

Dr. Rajesh Ravidas said that it helps in identifying the problems of a society and also provides its solutions. Early childhood education is given importance as it is the most important stage of social, emotional, cognitive and physical development that ensures lifelong well-being of the individual.

At the end, the B.Ed trainees were tested on today's topic and the winning students were

WORKSHOP REPORT EFFECTIVE COMMUNICATION DATE:-14/12/2023 (THURSDAY)

Today date:- 14/12/2023 (Thursday), a one-day workshop on the topic **Effective Communication** was organized in the Language Laboratory under the chairmanship of Principal Dr. Ajit Kumar Singh. Its main purpose is that when communication is effective, all parties involved feel satisfied and accomplished. By delivering messages clearly, there is no room for misunderstandings or changes in messages, reducing the potential for conflict.

On this occasion, Principal Dr. Singh said that- when they communicate, speakers are expected to fulfill general and specific objectives. For most, there are two general purposes: to inform or to persuade. The line between informing and persuading is not absolute, and many speeches will do a little of both.

Mr. Binod Kr. Suman said that- there are three types of communication – verbal, non-verbal and visual. Verbal communication has the advantage of immediate response and is best when the stakes are great. Verbal communication is also influenced by non-verbal cues such as body language, facial expression, and tone of voice.

Mr. Pawan Kumar Suman while giving his views said that – Effective communication is the process of exchanging ideas, thoughts, opinions, knowledge and data so that the message is received and understood with clarity and purpose. When we communicate effectively, both the sender and the receiver feel satisfied.

Dr. Rajesh Ravidas said that- Once you successfully identify your audience and listen to their intentions, needs and desires, you can have something to communicate. To do this effectively, use the 5 C's of communication to ensure that your message is:- (1)Clear (2)Correct (3)Complete (4)Concise (5)Compassionate

In this workshop, Principal Dr. Ajit Kumar Singh, Mr. Binod Kumar Suman, Mr. Pawan Kumar Suman, Mr. Nilesh Lakra, Mr. Shankar Singh, Mrs. Nutan Sharma, Dr. Rajesh Ravidas, Dr. Santosh Kumar Yadav, Mr. Prakash Bardhan, Mrs. Reshma Aggarwal and students of B.Ed. The trainees were present.

केएन बक्शी बीएड कॉलेज में प्रभावी संचार विषयक कार्यशाला

बेगमबाद. केएन बक्शी बीएड कॉलेज में प्रमुख की प्रभावी संचार विषय पर कार्यशाला का आयोजन किया गया. कार्यशाला में कॉलेज के प्रशिक्षुओं ने भाग लेकर अपने विचार रखे. प्राचार्य डॉ. अजीत कुमार सिंह ने कहा कि जब मुझे साला बातों को ठीक उसी रूप में समझ ले, जिस रूप में करने वाला चाहता है, तब प्रभावी संचार होता है. यदि हम किसी प्राणीय से किसी नये कार्यक्रम की चर्चा कर रहे हैं तो हम सुनिश्चित होना चाहते हैं कि वह उसे उसी रूप में समझेगा जिस रूप में हम समझते हैं. प्रो. विनोद कुमार सुमन ने कहा कि जब कोई व्यक्ति अपनी बात कहते समय अच्छे और प्रभावी शब्दों का चयन करता है और बड़ी ही खूबसूरती के साथ अपने वाक्यों को पूरा करता है, उसे प्रभावी संचार कहा जाता है. प्रभावी संचार में स्पीकर की बात प्रभावी होने के साथ ही अर्थ पूर्ण भी होती है. प्रो. पवन कुमार सुमन ने कहा कि संचार कौशल का पहला कदम है की सामने वाले को ध्यान से सुनें. सुनते समय ऐसा कुछ भी न करें, जिससे आपका ध्यान बंटता हो. बातचीत के समय अपने बाल संवारना, पैर से खेचना, पैर घुमाना या फिर अपने अगले जवाब के बारे में सोचने से आप कई महत्वपूर्ण अंश सुनने से वंचित रह जाते हैं. कार्यक्रम में नीलेश लकड़ा, शंकर सिंह, नूनन शर्मा, डॉ. राजेश रविदास, प्रकाश बर्धन, रेशमा, संतोष यादव आदि उपस्थित थे.

Outcomes:-

Effective communication skills are inexhaustible in life. They help us express clearly, understand others, build relationships and build prosperous societies. By developing these skills we can become effective communicators and achieve success in our personal and professional lives.
