LABOUR DAY CELEBRATION

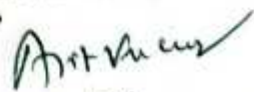

Date:- 01.05.2019

REPORT ON LABOUR DAY:

May 1st is celebrated as International Labour Day or May Day. This day has its origin from the Labour Union Movement in the U.S. This day which marks the celebrations of the working class and the labourers has put an end to their exploitation and unfair treatment. Labour Day is also known as May Day and Worker Day, a date that is commemorated globally to pay tribute to the struggle of workers for their rights and decent working conditions.

K.N. Bakshi College of Education had observed the Labour Day. A meeting was organised in the auditorium of the college, where all the teaching, non-teaching staffs and students were present. At the commencement of the programme, Principal Dr. Ravindra Kumar on his address informed that "The origins of International Labour Day was traced to a massive walkout by thousands of workers in Chicago, in 1886, demanding an eight-hour workday exhausted by 16 hours a day, without weekly rest. The strike they started had its epicentre in the industrial city of Chicago, in the United States, and quickly spread throughout the country, bringing together all the workers in protests throughout the national territory. This movement was violently put down by the police, resulting in six fatalities and numerous injuries. A larger protest was called in response to this violence. At last the U.S. Government bow down and accepted the demand of the workers and implemented the working conditions as per their demand. International Labour Day is celebrated every year to honour the contributions and achievements of workers around the world."

Conclusion: Mr. Binod Kumar Suman on his conclusive remarks said that, International Labour Day or Workers Day stands as a testament to the enduring legacy of workers' struggles for justice and dignity. It is important to remember that International Labour Day is more than just a day off work. It is time to recognise the contributions of workers in every field and to express our appreciation for their hard work.

The main motto of this objective is to end all forms of discrimination and exploitation of any person based on their religion, caste, region, or creed.

About the Program:-

An awareness program was organized on the occasion of World AIDS Day at K.N. Bakshi College of Education. Its sole purpose was to make people aware about AIDS. In this awareness programme, a rally was organised by B.Ed trainees in Bengabad Panchayat.

On this occasion Principal Dr. Ravindra Kumar said that- The virus still remains undefeated in spite of many scientific advancements. A person who is affected by HIV must be on lifelong medication as it is a chronic disease. A sad reality about this virus is that people do not know how to protect themselves and others from HIV. Social stigma and discrimination affect the many people living with the condition more than the virus.

Vice Principal Mr. Ajit Kumar Singh said that- World AIDS Day is the right opportunity to show solidarity towards people who suffer from HIV and to make them feel included. On World AIDS Day, all of us must support people who are affected by this deadly virus, by simply showing our support by wearing a red ribbon, which indicates HIV awareness. This is a simple way to show our empathy and at the same time to promote awareness to the common public about AIDS.

Mr. Binod Kumar Suman said that- Have we ever wondered what a person who is affected by AIDS has to face? How life could be difficult for them because they are carrying a deadly diseases? Mostly we would show sympathy and pity for their condition but would never show empathy for them. Inclusion is the most precious thing for people who are oppressed because of an ailment. This day is to stand with the people who have AIDS and to support them.

Mrs. Reshma Agrawal said that- Every year, on 1 December, the world commemorates World AIDS Day. People around the world unite to show support for people living with and affected by HIV and to remember those

who lost their lives to AIDS. The world can end AIDS, with communities leading the way.

OUTCOMES:-

World AIDS Day remains as relevant today as it has always been from 1988. There is a critical need to increase funding for battling this deadly disease as the expectancy rate is high. Reminding the public to show empathy towards people who are diagnosed by HIV is the sole purpose of this day. To end stigma and discrimination faced by the affected and to improve the quality of life of people living with HIV, is the main reason for why World AIDS Day is celebrated.
