REPORT

**पराक्रम
दिवस**
23 जनवरी

The political goal of Subhas Chandra Bose revolved around providing freedom to India from the British. He worked efficiently to achieve his goal. With time this goal of Subhas Chandra Bose was converted to become the ultimate purpose of his life. When he returned to India, he was influenced by Mahatma Gandhi.

Every year on January 23, Parakram Diwas is observed to pay tribute to Netaji Bose's strong spirit of patriotism, his unwavering devotion to liberation, and his strong spirit.

Subhas Chandra Bose also known as Netaji, his political views were in support of complete freedom for India with a classless society and state socialism at the earliest, whereas most of the Congress Committee wanted it in phases, through a Dominion status.

About the Program:-

On the auspicious occasion of Parakram Diwas, the birth anniversary of Netaji Subhash Chandra Bose was celebrated with great pomp in the college under the

chairmanship of Principal Dr. Ravindra Kumar.

Today on this occasion the Principal said in his address that- Undeterred by the differences within the Congress, Netaji continued his unwavering

commitment to India's independence. In 1939, he founded the *Forward Bloc*, an organisation dedicated to forming a united front against colonialism. This move showcased Netaji's resilience and his determination to pursue the fight for freedom on his terms.

Vice Principal Mr. Ajit Kumar Singh said that- His famous rallying cry, "Give me blood, and I shall give you freedom!" encapsulated the intensity of his belief in sacrificing everything for the nation. This resonated deeply with the masses, inspiring a renewed sense of purpose and commitment to the cause.

Mr. Binod Kumar suman said that- Netaji's role transcended national boundaries, especially during the tumultuous period of World War II. Recognising the geopolitical shifts of the time, he sought international support for India's cause. His diplomatic endeavours aimed to leverage global alliances and capitalise on the chaos of the war to further the agenda of Indian independence.

Mr. Pavan Kumar Suman said that- Netaji Subhash Chandra Bose's achievements within the Congress and his subsequent role in forming the *Forward Bloc* were instrumental in shaping the trajectory of India's struggle for freedom. His resolute leadership and unwavering spirit profoundly shaped the historical narrative, steering the course of pivotal events in the nation's pursuit of independence.

Mrs. Reshma Agrawal said that- Netaji Subhash Chandra Bose Jayanti Day begins with solemn and uplifting flag-hoisting ceremonies across the country, each flutter of the tricolour resonating

with the symbolism of freedom that Netaji fiercely championed. These ceremonies become a visual representation of the principles he stood for, a poignant reminder of the sacrifices made during the struggle for independence.

His contributions to the cause of freedom, including the formation of the Indian National Army and his ability to rally a large number of Indians to the cause, have been recognized and celebrated.

are the basic source of education for most of the people of the country and they are the ones who shape the future of the country. Teachers can very easily decide what they want the country to be like and educate the public accordingly. They have the ability and strength to fight adversities and make India a powerful and well-educated country.

Chief guest Dr. S. P. Sinha Speaking on the topic of the seminar today - Role of Teacher Education in Nation Building And Its challenges, the chief guest said that- The role of education is very important for the uplift of the country, society, and the world. In India, the glory of the Guru has been described as unparalleled. Teachers create the future. As quoted by the great thinker Aristotle, "Teaching is the highest form of understanding." Among all professions, teaching is the only profession that invests in the future and creates the future. Underlining the importance of teachers, Swami Vivekanand said: "My dearest and nearest relative in life is my Guru; next, my mother; then my father. My first reverence is to the Guru. If my father says, "Do this", and my Guru says, "Do not do this", I do not do it. The Guru frees my soul. The father and mother give me this body, but the Guru gives me rebirth in the soul." He did not stop here and heaped praises on Gurus for their selfless service and devotion. He remarked: "It is easier to become a Jivanmukta (free in this very life) than to be an Acharya. For the former knows the world as a dream and has no concern with it; but an Acharya knows it as a dream and yet has to remain in it and work."

FROM A SELF-RELIANT WOMEN TO SELF-RELIANT INDIA

DATE: - 08.08.2020

Aim and Objective:-

The Indian government issued an economic package called the Atmanirbhar Bharat Abhiyan (transl. Self-reliant India Mission). It was met with a mixed response. According to economist Swaminathan Aiyar, "atmanirbhar" can be translated as both self-reliance and self-sufficiency.

The aim is to make the country and its womens independent and self-reliant in all senses. He further outlined five pillars of Aatma Nirbhar Bharat – Economy, Infrastructure, System, Vibrant Demography and Demand.

- To identify and promote the strong leadership and growth of women as individuals in their own right.
- To develop the self-confidence of women in building their capacity.
- Training the women to impart knowledge of opportunities and resources available to get backing support.
- To educate girl students on women specific health issues and measures to be taken.
- Creating social awareness about the problems of women, gender equity and prevention of sexual harassment.

About the Program:

Due to Corona in the whole country, an online webinar was organized through Zoom app under the chairmanship of the Principal of the college for the above mentioned objectives. Today in this webinar, Assistant Professor of JNU Dr. Sneha Bhagat, Assistant Professor of Kalindi College under Delhi University Dr. Nisha Bakshi and Chairman of the college Dr. Shivshakti Nath Bakshi were present.

On this occasion Dr. Sneha Bhagat, addressed that- The income of a poor household is always less than its needs. And the mother figure of such a household ably plays the role of a chief financial officer without any formal training to do so. She optimally utilizes the family's limited resources to fulfill the needs of all family members.

Dr. Nisha Bakshi said that- The other virtue that binds Indians at the bottom of the pyramid is their entrepreneurial spirit and willingness to work hard. Imagine what can be achieved if millions of underprivileged, hardworking women in India are given access to capital to leverage their innate acumen and unleash their spirit of enterprise to create sustainable livelihoods.

Chairmen Dr. Shivshakti Nath Bakshi said that- There is ample proof now that collateral-free lending to poor women for income-generating purposes isn't charity, but a scalable and viable model that has meaningful social impact.

Principal Dr. Ravindra Kumar said that - Uncompromising in the matter of woman's rights. In my opinion she should labour under no legal disability not suffered by man. I should treat daughters and sons on an equal footing of perfect equality.

Online Aids Awareness Program

Date:- 01.12.2020

Introduction –

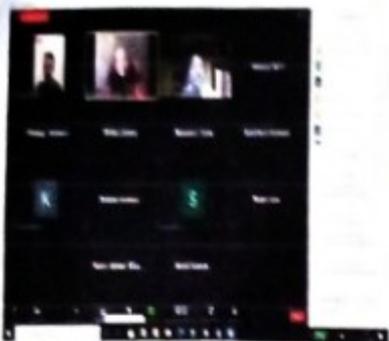

AIDS is also known as Acquired Immunodeficiency Syndrome. It is a chronic and life threatening disease, caused by the HIV virus. In India, over 1 million people fall victim to this deadly disease. AIDS damages the immune system and freezes the ability of the body to fight infection and diseases. According to the United Nations, almost 38 million people are currently living with HIV AIDS all over the world. This disease is incurable and requires lifetime treatment. World AIDS Day is commemorated every year on 1st December. The purpose of this day is to unite people in the world in order to support those who are affected by HIV. On this day, people globally remember those who have died from AIDS-related illnesses. This World AIDS Day Speech will talk about the importance and purpose of celebrating World AIDS Day.

About the Program:-

There is a lockdown in the whole country due to COVID-19, in such a situation AIDS awareness program was celebrated online through Zoom app.

On this occasion, the Principal of the college, Dr. Ravindra Kumar said that- AIDS is also known as Acquired Immunodeficiency Syndrome. It is a chronic and life threatening disease, caused by the HIV virus. In India, over 1 million people fall victim to this deadly disease. AIDS damages the immune system and freezes the ability of the body to fight infection and diseases.

Vice Principal Mr. Ajit Kumar Singh said that- Mostly we would show sympathy and pity for their condition but would never show empathy for them. Inclusion is the most precious thing for people who are oppressed because of an ailment. This day is to stand with the people who have AIDS and to support them.

Mr. Pavan Kumar Suman said that- AIDS prevention lies in the process of curbing its spread. One should regularly and routinely get tested for HIV. It is important for an individual to know his/her own and partner's HIV status, before performing any sexual intercourse activity.

Mrs. Reena Saw said that- One should not addict himself/herself to banned substances and drugs. One should keep away from the non-sterilized needles or razors. Multiple awareness drives by the UN, local government bodies and various nonprofit organizations have reduced the risk of spread by making the people aware of the AIDS – spread and prevention.

In this awareness program, B.Ed trainees took a pledge through online that we will make all the people in our neighbourhood aware so that this epidemic can be stopped.

OUTCOMES:-

HIV/AIDS is the deadliest epidemic of our time. Over 22 million people have already lost their lives, and more than 42 million are currently living with HIV/AIDS. Even if a vaccine for HIV were discovered today, over 40 million people would still die prematurely as a result of AIDS. In such a situation, we can all control this epidemic by making people aware through any medium.
